ANNUAL REPORT 2019-20

SIDDHABHOOMI INTERNATIONAL SCHOOL
Sidhi

"The collapse of education is the collapse of the nation."

"Destroying any nation does not require the use of atomic bombs or the use of long range missiles. It only requires lowering the quality of education and allowing cheating in the examinations by the students."

- The patient dies in the hands of the doctor who passed his exams through cheating.
- The buildings collapse in the hands of an engineer who passed his exams through cheating.
- The money is lost in the hands of an accountant who passed his exams through cheating .
- Humanity dies in the hands of a religious scholar who passed his exams through cheating.
- Justice is lost in the hands of a judge who passed his exams and obtain position through cheating.
- And ignorance is rampant in the minds of children who are under the care of a teacher who passed exams through cheating.
